ELC Laser Group

Company Introduction

ELC Laser group has been at the forefront of steel Fabrication since we were founded in 1989. Over the years we are proud to have earned a reputation as pioneers in both Engineering design & Fabrication; Working with Consultants, architects , engineers from conception & design to fully fabricated and installed projects.

Our existing range of products & services have been supported by state of the art equipment including 3 axis and 2 axis lasers. All supported by a skilled technical team of design engineers and fully certified fabricators. We are determined to maintain our position as leaders and innovators in this sector; whilst embracing ever changing and emerging technologies.

Quality

All products can be manufactured in Stainless steel or Mild Steel powder coated as standard. For bespoke Products & Installation service please contact us on

051-358144
